

University of Nova Gorica, Vipavska cesta 13, 5000 Nova Gorica, Slovenia

University of Nova Gorica is publishing an open position:

1. ASSISTANT (m/f)

It is expected that the applicant:

- has at least a university degree, or a master (2nd level) degree from the field of Natural Science or Environmental Science
- enrolls at the doctoral program (third level) at the Graduate School of the University of Nova Gorica in academic year 2013/2014
- experience in the field of environmental monitoring is desired

The selected candidate will be involved in the international research project *ASTIS*.

The project ASTIS aims to prepare background documents for the management of transboundary groundwaters in the Soča River Basin, with an emphasis on integrated management of transboundary aquifers, particularly the improvement of qualitative and quantitative status, effective protection and use of transboundary aquifers.

The position will start on approximately July 1, 2013 with duration until 31.10.2014.

Please send your application with evidence that you meet the mentioned criteria, a short CV with description of your field of work, **no later than 21 June 2013**.
