

Vipavska cesta 13, 5000 Nova Gorica

University of Nova Gorica announces an open position:

1. POST-DOCTORAL COLLABORATOR (m/f) in the field:

- **Physics**

Candidates are expected to:

- have PhD in the Physics,
- have hands-on experience with ultra-fast laser systems and proved capability of setting up time-resolved experiments on magnetic samples,
- be involved also in pedagogic work after employment at UNG,
- good command in english language.

The successful candidate will be directly involved into research work:

- contribute to the commission of the CITIUS experimental station,
- assist CITIUS users during experiment preparation and during experimental sessions,
- have the chance to develop her/his original research line in the field of material science.

The successful candidate will, according to his/her habilitation, take over some pedagogic obligations on one or more study programs at the University of Nova Gorica.

The position will start on 10.11.2017, with appointment for one year and with part-time - 20 working hours per week.

Please submit:

- 1) CV
- 2) letter of motivation including research experience
- 3) list of publications

Please send your application with the evidence that you meet the mentioned criteria, to address: University of Nova Gorica, Vipavska 13, 5000 Nova Gorica.

An application should be a single file in pdf format.

Deadline for applications: **1.11.2017**
