

Vipavska cesta 13, 5000 Nova Gorica

**The University of Nova Gorica has a vacancy for the position of
ASSISTANT PROFESSOR OF COMPUTER SCIENCE (m/f)**

We are seeking candidates interested in pursuing a rewarding research and academic career at the [University of Nova Gorica](https://www.ung.si/). We offer a dynamic research environment with a focus on involvement in the international academic sphere.

The candidate will work at the [Centre for Information Technologies and Applied Mathematics](#) in an interdisciplinary research group that operates at the intersection of computer science, information science, mathematics, system theory and automatic control systems. It develops new approaches to modelling and applies them to a variety of fields, from biomedicine to education and industry. It also develops methods for intelligent data analysis and knowledge discovery.

The selected candidate will conduct research in the field of data science. Their appointment will also include teaching obligations in computer science subjects in the Engineering and Management study programme at the [School of Engineering and Management](#) and in study programmes at other Schools within the university.

Eligible candidates should have:

- a doctorate in computer science,
- research experience and internationally recognized publications in the field of data science,
- a good command of English.

The start date is by agreement. Employment is offered as a full-time position.

The following must be attached to the application:

- curriculum vitae with description of prior research experience,
- list of scientific publications,
- motivational letter,
- contact information for references.

Online applications with proof of fulfilment of conditions will be accepted up to 31 January 2021 at tea.stibilj.nemec@ung.si.

Applications should be sent as a single PDF email attachment.
