Continue to login with SI-PASS

Enter the enrolment application by clicking the "Continue to login with SI-PASS" button above, which will redirect you to the authentication service.

SI-PASS enables different types of authentication.

- If you log in with a **username and password**, you will have to print the completed application form, sign it, and send it by registered mail to designated higher education institution together with all the supplemental documents within the application deadline set by the call for enrolment. The address will be indicated in the upper left corner of the printer application form.
- If you log in with an **electronic identity** issued in Slovenia (Digital certificate, AmesAAI, One-Time-Password smsPASS) or Crossborder EU authentication, an electronic submission of the enrolment application is sufficient, and you do not need to send the printed form of the application by mail. However, you still have to send the supplemental documents, if the call for enrolment requires you to do so.

Before filing in the application you need to choose call for enrolment and type of application you will submit.

Link to instructions for filing in the application is at the top of this website.
