University of Nova Gorica

DEVELOP YOUR TALENTS – BEGIN YOUR QUEST FOR KNOWLEDGE HERE.

The University of Nova Gorica, located in western Slovenia, at the Slovenian-Italian border, is an excellent gateway to quality studies in your future professional field – be it natural sciences, engineering, management, biotechnology, humanities or art. We will enable you to develop your talents in a friendly academic environment with strong international orientation and excellent research opportunities, welcoming international students and staff from all over the world. Create a bright future, join us.

OUR ADVANTAGES AND AREAS OF EXCELLENCE, YOUR DECISION.

- modern, interdisciplinary and practically-oriented study programmes
- exceptionally favourable teacher-student number ratio (1: 4), individual approach
- great employment prospects (92 % employment rate within one year after graduation – data of March 2020)
- opportunities for students to take part in research, free revision courses
- extremely high educational standards but favourable tuition fees
- no entrance examinations, except the “proof of ability” at the School of Art
- young university town in an attractive sub-Mediterranean region bordering Italy
- state subsidized student meal system, free local city transport, student job opportunities

- School of Engineering and Management
- School of Science
- School of Environmental Sciences
- School for Viticulture and Enology
- School of Arts
- School of Humanities
- Graduate School

	List of study programmes	Choose this programme if you are interested in ...
Bachelor's study programmes (first Bologna cycle – 3 years, 180 ECTS)	Engineering and Management*	- engineering, management, economics, technology, informatics - cooperation with industry, practical placement, e-learning support
	Physics and Astrophysics*	- physics, astrophysics, astronomy, solid state physics, materials and atmospheric research - research-based studies - cooperating with renowned international astrophysical collaborations
	Environment*	- environmental protection, environmental impact assessment, environmental health, economics, environmental law and communication - research, field work, project and team work, practical placements - the option of a double BSc degree with the University of Bihać, Bosnia and Herzegovina
