

Vipavska cesta 13, 5000 Nova Gorica

The University of Nova Gorica has a vacancy for the position of
POST-DOCTORAL ASSISTANT or ASSISTANT PROFESSOR
IN THE FIELD OF OPEN EDUCATION (m/f)

We are seeking candidates interested in pursuing a rewarding research and academic career at the [University of Nova Gorica](https://www.ung.si/). We offer a dynamic research environment with a focus on involvement in the international academic sphere.

The candidate will work at the [Centre for Information Technologies and Applied Mathematics](#) in an interdisciplinary research group that operates at the intersection of computer science, information science, mathematics, system theory and automatic control systems. It develops new approaches to modelling and applies them to a variety of fields, from biomedicine to education and industry. It also develops methods for intelligent data analysis and knowledge discovery.

The selected candidate will conduct research in the field of open education. Their appointment will also include teaching in the international master's programme Leadership in Open Education at the [School of Engineering and Management](#).

Eligible candidates should have:

- a doctorate in computer science or another relevant field,
- experience of development and research in the field of e-learning,
- a good command of English.

Priority will be given to candidates with experience in open education and candidates who hold the rank of assistant professor or equivalent or who meet the conditions for holding the rank of assistant professor or equivalent.

The successful candidate would be expected to start work on 1 October 2020. Employment is offered as a full-time position.

The following must be attached to the application:

- curriculum vitae with description of prior research experience,
- list of scientific publications,
- motivational letter,
- contact information for references.

Online applications with proof of fulfilment of conditions will be accepted up to 17 August 2020 at tea.stibilj.nemec@ung.si. Applications should be sent as a single PDF email attachment.
