

Vipavska cesta 13, 5000 Nova Gorica

The University of Nova Gorica has a vacancy for the position of

POST-DOCTORAL RESEARCHER AT THE RANK OF ASSISTANT WITH PDH OR ASSISTANT PROFESSOR IN EXPERIMENTAL PRAGMATICS AND BILINGUALISM

We are looking for candidates interested in pursuing a rewarding research and academic career at the University of Nova Gorica. We offer a dynamic research environment supported by state-of-the-art research equipment and a pronounced international orientation.

The work will be conducted in the [Center for Cognitive Science of Language](#). The successful candidate will conduct tasks in experimental pragmatics within the Slovenian Research Agency project on bilingual language processing “Linguistic transfer in the pragmatic domain: Slovenian speakers in a multilingual environment”, led by prof. dr. Penka Stateva. The candidate may be asked to take over some outreach duties and moderate teaching obligations in the university's linguistics programs.

The successful candidate will be employed on a full-time basis for a fixed term of one year (pending sufficient funding, there may be a possibility to renew for a second year). The expected start date is September 1, 2021.

If the candidate holds a valid title of assistant professor and they submit evidence of this, employment at the rank of assistant professor will be considered.

To be considered for the position, candidates should have:

- a PhD in linguistics or a related field (e.g. psychology, cognitive science, etc.),
- ability to work independently, as well as to work in a team taking on an active role in organizing and conducting behavioural experiments and in recruiting child and adult participants,
- a fluent command of Italian (C1 or C2) and English,
- a strong background in theoretically-grounded experimental linguistics, psycholinguistics or cognitive science, with a focus on experimental pragmatics, semantics and/or bilingual language processing.

Advantages:

- proven research experience or an active research agenda that concerns the relevant linguistics domains,
- knowledge of up-to-date statistical methods of data analysis,

- experience in using methodologies like EEG/ERP and eye-tracking,
- intermediate or advanced knowledge of Slovenian.

The following documents must be submitted:

- certificate of education,
- a CV detailing previous research experience and reflecting the fulfilment of the above stated application requirements and, if applicable, advantages,
- a short research statement,
- list of publications,
- a copy of a representative publication,
- two letters of reference (submitted directly by the referees).

The application deadline is July 20, 2021.

Please send your application, along with the required supporting materials, to tea.stibilj.nemec@ung.si. The application should be sent as a single pdf e-mail attachment.

Inquiries regarding the application procedure should be directed to Tea Stibilj Nemec by email at tea.stibilj.nemec@ung.si or by phone at +386 5 6205 822.

For additional information regarding the research tasks, please contact prof. Penka Stateva at penka.stateva@ung.si.
