

Vipavska cesta 13, 5000 Nova Gorica

University of Nova Gorica has opened a call for the employment of

**POSTDOCTORAL ASSOCIATE or ASSISTANT PROFESSOR in the field of
PHYSICS / METEOROLOGY (f/m)**

This position is available to candidates interested in pursuing a research and academic career at the University of Nova Gorica. We offer the opportunity to work in a dynamic environment supported by state-of-the-art research equipment and a strong involvement in international research.

Research activities will take place at the [Center for Atmospheric Research](#).

The chosen candidate will perform research and development work in the field of the impact of aerosols on the climate, especially on the formation of clouds.

In accordance with their appointment, the successful candidate will also take on teaching duties on selected study programs at the University, [School of environmental sciences](#) and/or [School of science](#).

The position will be available as soon as the selection process is completed. The contract is for full-time working hours over a fixed term of 12 months.

Candidates are expected to:

- PhD in the area of the above-described work,
- requirements for election to the title of assistant or assistant professor at the University of Nova Gorica,
- experience with working with climate models,
- programming experience,
- have good command of the English language.

Please submit:

- CV including a description of previous research experience,
- list of publications,
- letter of motivation,
- contact information for references.

Online applications with proof of fulfilment of conditions will be accepted up to and including 22th February 2024 at careers@ung.si

Applications should be sent as a single PDF email attachment.
